About Gepard

Gepard is a global company and supplies a broad range technical parts for passenger cars and commercial vehicles in the automotive aftermarket. Our parts are alternatives to original parts that are of equal quality. Gepard continually enhances its parts range because the automotive spare parts market is developing rapidly and we're continually looking for latest products.

Gepard is your partner for automotive aftermarket spare parts. Our ambition is to always have the best solution for our customers' needs. We follow current trends and improvements so that our customers are always one up on. This differentiates us as pioneer in the spare parts market.

Gepard is the perfect choice in the aftermarket.

Because of the quality of our parts, selection, and the speed we offer our customers in the spare parts market.

When it comes to automotive aftermarket spare parts, the choice is clear: Gepard – Easy to Distinguish

Logistics

Timely Delivery to Everywhere

Logistics performance is of vital significance in the spare parts market. Gepard recognizes storage as an essential success element and is meeting market needs with well-developed logistics and sales ideas.

We guarantee continuous product availability and timely delivery to our customers. We are supplying our products to everywhere, no matter where in the world you are. Our lead times are short and competitive.

Steering & Suspension

CONTROL ARM
TIE ROD
TIE ROD END
INNER TIE ROD
BALL JOINT
STABILIZER LINK
DRAG LINK
SUSPENSION KIT

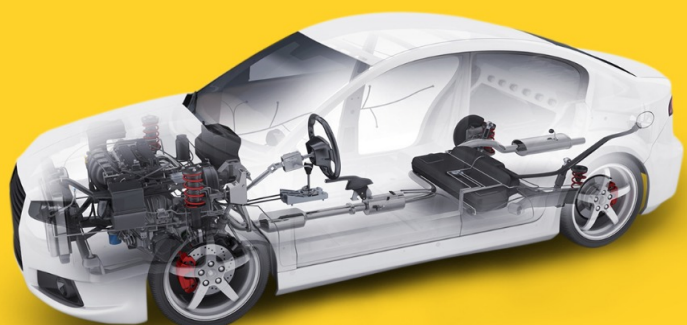

Gepard Steering & Suspension parts range includes nearly 7.000 products for European, American and Asian vehicles including passenger cars and light commercial vehicles.

All Gepard products are manufactured in compliance with strict requirements and quality assurance.

Gepard Automotive

The right and durable spare parts
